

An Appeal for Volunteers from Caritas Diocese of Shrewsbury

We are excited to be moving into our new Caritas Centre in Seacombe and to be expanding our services. We are appealing for volunteers to help us to reach even more people in need in our Diocese. Could you or someone you know help us? Research shows that being approached about a role is much more successful than a general appeal so please, on our behalf, approach someone if you think they can help us and ask them to get in touch. If that person is you, we can't wait to hear from you! We couldn't do our work with children, families and communities without your support. Thankyou x
